

Visitation Policy Blue Ribbon Care ALF LLC

1. Infection Control and Education Policies:

- Visitors will receive education on infection control measures upon entry.**
 - This includes information on hand hygiene, respiratory etiquette, and general infection prevention practices.**
 - Visitors are expected to comply with these guidelines to minimize the risk of spreading infections.**
 - Facility will provide infection prevention materials, display guidelines and signage. Facility will conduct educational sessions both for staff as well as the visitors.**
 - Staff will be trained on infection control and education policies so that information can be even to the visitors . Trainings and continuing education will continue throughout staff's employment.**
-

Facility will ensure staff is compliant with policies and procedures.

2. Screening Procedures:

- All visitors will undergo a screening process upon arrival.**
 - Screening may include temperature checks and completion of a health questionnaire.**
 - Facility will do screening on facility personal protective equipment (PPE).**
 - Required hand hygiene (hand washing or sanitizer) upon entry and exit**
 - Facility will provide hand sanitizing stations throughout the facility.**
 - Encourage visitors to wear their mask. Facility will provide masks if visitors don't have one handy.**
 - Facility will enforce physical distancing guidelines between visitors and residents/ staff.**
 - Facility will limit the number of visitors per resident.**
-

- - Visitors displaying symptoms of illness or potential exposure to infectious diseases may be denied entry.
-
-

3. Length of Visits:

A maximum duration of 2 hours per visit will limit prolonged exposure and reduce the risk of transmission. Visitors are required to adhere to the specified time limits to ensure efficient visitation scheduling and compliance with infection control protocols.

- While there are no strict time limits, visitors are encouraged to be mindful of the well-being and comfort of residents.

Visitation Hours:

- Visitation hours are from 9:00 am to 9:00 pm.
- Visitors must adhere to these designated hours.

4. Number of Visitors:

- The number of visitors allowed per resident are 2 at a time, at any given time may be
-

limited to maintain a safe and comfortable environment.

- **Specific restrictions and criteria will be communicated by the facility based on the size and capacity of the area.**
- **Each visitor can have at the most 2 visitors at a time per visitation.**

5. Designation of Responsible Staff:

- **A designated staff member will be responsible for ensuring adherence to the visitation policies and procedures.**

- **This staff member will address any concerns, provide guidance to visitors, and oversee the overall visitation process.**

- **DESIGNATED RESPONSIBLE STAFF:
RENNAY ROSE (ADMIN).**

6. At Blue Ribbon Care, we respect individual privacy and autonomy. While we encourage everyone to prioritize their health and well-being, we do not require visitors to show or provide proof of vaccination or immunization status. However, we kindly request that all visitors adhere to any applicable health and safety guidelines and regulations in place to ensure the well-being of our residents and staff.

Rennay Rose (Designated staff) will be responsible for staff adherence to visitation policies, trainings and procedures.

Facility does not require Proof of vaccination and immunization status for visitors. Visitors has the option to provide facility with status, however it is not required.

Personal Protective Equipment (PPE):

- **All visitors must wear appropriate PPE, such as masks, at all times while inside the facility.**
 - **Hand hygiene practices, including the use of hand sanitizer, should be followed upon entry and exit.**
-

7. Consensual Physical Contact:

- **Consensual physical contact between residents and visitors are allowed, respecting the dignity and privacy of residents.**
 - **Consent and Guidelines**
 - **- All physical contact must be consensual and agreed upon by the resident, visitor, and facility staff.**
 - **- Specific guidelines for acceptable physical contact, such as hugs or hand-holding, shall be communicated and agreed upon by all parties involved.**
 -
 - **Health Screening:**
 - **- Visitors engaging in physical contact must undergo health screenings, including symptom checks and temperature monitoring, before contact is permitted.**
 -
 - **Hygiene Measures:**
-

- - Visitors and residents engaging in physical contact must practice proper hand hygiene before and after contact.
 - - Adequate hand sanitization stations will be available throughout the facility.
 -
 - **Privacy and Dignity:**
 - - Physical contact should be conducted in private or designated areas to respect the privacy and dignity of residents.
 - - Facility staff will ensure that physical contact does not compromise the well-being or comfort of other residents.
 -
 - **Limitations and Supervision**
 - - The extent and duration of physical contact may be limited to ensure the safety and well-being of residents and visitors.
 - - Facility staff may supervise or monitor physical contact to ensure compliance with guidelines and policies.
 -
-

- **Communication and Documentation:**
 - - **Communication between residents, visitors, and staff regarding physical contact should be clear and documented.**
 - - **Any concerns or incidents related to physical contact should be promptly reported and addressed by facility management.**
 -
 - **Regular Review and Updates:**
 -
 - - **The policy on consensual physical contact will be regularly reviewed and updated in accordance with changing health and safety guidelines to prioritize the well-being of residents and visitors.**

 - **Visitors should be mindful of infection control measures and follow any specific guidelines provided by the facility.**
-
-
-

Sincerely,

**Rennay Rose Administrator
Blue Ribbon Care ALF**
